Manufactured By: Republic Conduit™

## Certificate of Origin and Material Test Report

This letter certifies that electrical steel conduit labeled as Republic Conduit is manufactured in the United States. The conduit is formed from flat rolled steel and is either Hot-Dip Galvanized or Electrogalvanized. The material labeled as Republic Conduit conforms to the following specifications:

### Galvite® Electrical Rigid Metal Conduit-Steel (Galvite® ERMC-S)

- ANSI Standard -- C80.1.
- UL Standard -- UL 6 Fourteenth Edition, the common ANCE, CSA and UL (trilateral) standard for Electrical Rigid Metal Conduit-Steel, covering requirements for Mexico, Canada, and the United States.
- Federal Specification WW-C-581 (Class 1 Type A). This Federal specification may still be referenced; however, the federal government has cancelled it and adopted the UL 6 standard.
- All sizes are manufactured in the U.S.
- Trade sizes range from ½" to 6".

### Electrunite® Electrical Metallic Tubing (EMT)

- ANSI Standard -- C80.3.
- UL Standard -- UL 797 Fourteenth Edition, the common ANCE, CSA and UL (trilateral) standard for Electrical Metallic Tubing-Steel, covering requirements for Mexico, Canada, and the United States.
- Federal Specification WW-C-563. This Federal Specification may still be referenced; however, the federal government has canceled it and has adopted the UL 797 and ANSI C80.3 standards.
- All sizes are manufactured in the U.S. Smaller EMT sizes (½", ¾", and 1") are produced at our Cedar Springs, GA facility, and the larger sizes are made at our Louisville, KY plant.
- Trade sizes range from ½" to 4".

### Intermediate Metal Conduit (IMC)

- ANSI Standard -- C80.6.
- UL Standard -- UL 1242 Fourth Edition, for Electrical Intermediate Metal Conduit-Steel.
- Federal Specification WW-C-581 (Class 2 Type A). This Federal Specification may still be referenced; however, the federal government has canceled it and has adopted the UL 1242 standard.
- All sizes are manufactured in the U.S. Smaller IMC sizes (½", ¾", and 1") are produced at our Cedar Springs, GA facility, and the larger sizes are made at our Louisville, KY plant.
- Trade sizes range from ½" to 4".

### Aluminum Rigid Conduit

- ANSI Standard -- C80.5.
- UL Standard -- UL-6A, of 2004, UL514B.
- Federal Specification WW-C-540c.
- All sizes are manufactured in the U.S.
- Trade sizes range from ½" to 6".

## About Republic Conduit

Republic Conduit is a U.S. manufacturer of quality electrical steel conduit of multiple sizes and types. As a result of our eighty-year history in the electrical conduit industry, Republic has achieved strong name recognition. Over the years, Republic Conduit, as a domestic brand, has undergone several name changes: from Republic Steel, to LTV Steel Tubular Products, to LTV Copperweld, to Maverick Tube Corporation, and, finally, to Republic Conduit. Throughout this time, the company remained solely focused on delivering solid, quality conduit, which customers ask for by name time and time again. In October of 2006, Republic Conduit became part of the Tenaris Group.
